

FERTILITY
CENTER

LIV the journey.
Embrace the destination.

“Even if it seems far away, you are close, you just have to start walking... My goal at Liv Fertility Center is to help you achieve that dream, giving you all the tools in our scope, supporting you in every step.”

- Dr. Isabel Suárez Zaragoza

Meet Our Obstetrician-Gynecologist

Dr. Isabel Suárez, has a Surgeon Bachelor's degree. She studied at the Universidad Nacional Autónoma de México, later she did a speciality in Gynecology and Obstetrics and Postgraduate Degree in Human Reproduction at Centro Medico Nacional La Raza in Mexico City. Very interested in teaching future gynecologists, she is currently pursuing a master's degree in education.

She has a vigent certification of COMEGO as an Obstetrician-Gynecologist.

She has participated in research protocols in patients with vitamin D deficiency and polycystic ovary, and has authored articles on infertility, has been a participant and speaker at national conferences.

Very committed to research and teaching, loves the sea, diving and coffee; she will always be available to offer you the best possible treatment and the best medical treatments at the forefront.
