

## MEET OUR DOCTOR

Dr. Fernando Mancilla is a skilled and compassionate specialist in Obstetrics, Gynecology, and Human Reproductive Biology, dedicated to guiding patients through their fertility journey with precision, empathy, and evidence-based care.

He is an active member of the Mexican Association of Reproductive Medicine, staying closely connected with the latest advancements, ethical practices, and innovations in the field of reproductive health.

Dr. Mancilla completed his Subspecialty in Human Reproductive Biology at the Autonomous University of Mexico, where he refined his skills in assisted reproductive technologies and fertility care.

Previously, he earned his Specialty in Obstetrics and Gynecology at the same institution (2018–2022), building a strong foundation in comprehensive women's health and minimally invasive gynecologic procedures.

He also received specialized training in Colposcopy and Pathology of the Genital Tract from the National Autonomous University of Mexico, enhancing his expertise in the early detection and management of gynecologic conditions.

Dr. Mancilla began his medical journey with a Bachelor's Degree in General Medicine from the Autonomous University of Guadalajara (2011–2015). Since then, he has continued to grow professionally and academically, providing compassionate, personalized care as a valued member of the LIV Fertility Center team.

Believe in Fate. Believe in Love. Believe in LIV.
